What is PhET? Founded in 2002 by Nobel Laureate Carl Wieman, the PhET Interactive Simulations project at the University of Colorado Boulder creates free interactive math and science simulations.

### **PhET: Free online physics, chemistry, biology, earth ...**

However, the term acquired its modern meaning and many of the current political connotations during the energy debates of the 1970s. The counterculture and early environmental movements of the 1960s latched on to “renewable energy” as a conceptual alternative to perceived dehumanizing, environmentally destructive “centralized” energy sources, such as coal and nuclear power.

### **Abandoning the concept of renewable energy - ScienceDirect**

Creation science or scientific creationism is a branch of creationism that claims to provide scientific support for the Genesis creation narrative in the Book of Genesis and disprove or reexplain the scientific facts, theories and paradigms about geology, cosmology, biological evolution, archaeology, history, and linguistics.. The overwhelming consensus of the scientific community is that ...

In this series, mental\_floss will examine the engineering problems associated with humanity's most extreme endeavors, from mining asteroids to colonizing the ocean, and explain how engineers ...

### **Extreme Engineering: The Challenges of Building a Colony ...**

Let's make a mental model. Say the scale is such that one astronomical unit is equal to one millimeter (1/25th inch). There is a glowing dot for the Sun, and one millimeter away is a microscopic speck representing the Earth. The edge of the solar system is about at Pluto's orbit, which varies from 30 mm to 50 mm from the Sun (about 1 and 3/16 inch to almost 2 inches).

Viewpoint: No, either life began on the surface during the period known as the late heavy bombardment, or it began in a protected environment away from the surface and the devastating impacts. The origin of life on Earth is one of the most important, and elusive, problems in science. Efforts to understand the origin of life have been frustrated by lack of evidence.

### **Did life on Earth begin in the "little warm pond"**
