Sort all pivot tables in a workbook using VBA Excel ...

A spreadsheet is an interactive computer application for organization, analysis and storage of data in tabular form. Spreadsheets developed as computerized analogs of paper accounting worksheets. The program operates on data entered in cells of a table. Each cell may contain either numeric or text data, or the results of formulas that automatically calculate and display a value based on the ...

Students learn about gravity, mass, and weight by calculating their weights on various planets in this hands-on science activity. This lesson includes instructions, materials list, and a weight chart for recording data.

Gravity and Weight on Other Planets - TeacherVision

Sunlight is a portion of the electromagnetic radiation given off by the Sun, in particular infrared, visible, and ultraviolet light. On Earth, sunlight is filtered through Earth's atmosphere, and is obvious as daylight when the Sun is above the horizon. When the direct solar radiation is not blocked by clouds, it is experienced as sunshine, a combination of bright light and radiant heat.
