Earth (Elemental Series Book 1) is the second YA paranormal book that I have recently read that started out strikingly similar opening scenes to the story. Shauna Granger's way of writing draws the reader in further. Admittedly I would not be considered the market age range for this series. For the most part I liked it and plan to read book 2.

Like so many other writers, Shauna grew up as an avid reader, but it was in high school that she realized she wanted to be a writer. She released the first installment of her Paranormal YA Series, The Elemental Series, Earth, on May 1, 2011 and has since released four sequels, with the series coming to an end with Spirit.

Shauna Granger (Author of Earth) - Goodreads

Five years ago there actually was a horrible, horrible fire in this area. College kids had broken into the Tea Gardens (so named because this once belonged to Charlie Chaplan and he would take his tea in this part of the property), had a party and a fire and did not properly extinguish their fire before they left.
