Chemistry - mheducation.com

Chemistry is the study of the composition, properties, and reactivity of matter. This may be your first time taking chemistry, but chances are you know a lot already from observing the world around you. We will be covering the material in a first year introductory high school or college general chemistry course.

Chemistry | Science | Khan Academy

chemistry. From aluminum to xenon, we explain the properties and composition of the substances that make up all matter. Our study guides are available online and in book form at barnesandnoble.com.
