3.2. Analysis. The articles that met the inclusion criteria were analyzed using a qualitative content analysis method, which is a thematic analysis concentrating on the relationship between content and context (Elo & Kyngäs, 2008; Hsieh & Shannon, 2005). The authors defined a group of categories for analysis with their corresponding sub-categories, according to each research question.

The stages From the Big Bang to Integral I found simple symbolic scenes to express each level so that when we look at them we can get an immediate 'feel' of each stage in their respective quadrants. For instance, amber upper left is someone bathed in the shining light of an almighty god; orange upper right is a marathon runner reaching for high performance; lower right green is a new city ...

I don't see anything wrong with piggybacking - you did it and you turned out okay ! Honestly -I think it's a great way to take the pressure off kids who shy away from such things (like I did) because they are afraid of getting wrong answers or don't want to admit they don't know how to do the problems.
