The stages From the Big Bang to Integral I found simple symbolic scenes to express each level so that when we look at them we can get an immediate 'feel' of each stage in their respective quadrants. For instance, amber upper left is someone bathed in the shining light of an almighty god; orange upper right is a marathon runner reaching for high performance; lower right green is a new city ...

Patterns. The phrase regular expressions, and consequently, regexes, is often used to mean the specific, standard textual syntax (distinct from the mathematical notation described below) for representing patterns for matching text. Each character in a regular expression (that is, each character in the string describing its pattern) is either a metacharacter, having a special meaning, or a ...

Baccarat: The name 'Baccarat' is synonymous with fine crystal. In 1843, they made their first vaseline glass, calling it cristal dichroide. It is unknown when they stopped making it, but it was not made for any extended period of time. Of the few pieces seen today, most are always marked with raised text: BACCARAT.
