East of the Web

In sociology, the East-West dichotomy is the perceived difference between the Eastern and Western worlds. Cultural rather than geographical in division, the boundaries of East and West are not fixed, but vary according to the criteria adopted by individuals using the term. Historically, Asia (excluding Siberia) was regarded as the East, and Europe was regarded as the West.

Miroslav Penkov - Official Website

East vs West Between the East and West, we can identify a number of differences. These differences stem from the culture, dress, religion, philosophy, sports, arts and languages. When we define the term East, it does not necessarily mean the direction in which the sun rises, but also the eastern hemisphere that includes a number of countries such as India, China, Japan, etc.
