Community Reviews. The 44th novel by Elmore Leonard (and the next to last he'd publish in his lifetime), Djibouti is like a zoo balloon that's quickly inflated to impressive size, prematurely released from the helium tank and let loose to fly around the gorilla habitat before deflating. Get the kid another balloon, this one's broke.

Amazon.com: Djibouti: A Novel eBook: Elmore Leonard ...

As is the case with the dozen other Elmore Leonard novels I've read, Djibouti succeeds largely because of the things that got left out. Back story, exposition, physical descriptions of characters and scenery, weather, exclamation points, adverbs – all are in short supply here. And Leonard always stays behind the scenes, where he belongs.

Elmore Leonard: Djibouti. But that doesn't keep him from claiming the turf as his own in his latest novel. He travels far in Djibouti, but he still makes the place feel like Leonard country, a land populated by tart-tongued, morally ambiguous characters always working an angle, whether they're trying to do good, make good, or commit an act of terrorism to rival 9/11.

Djibouti by Elmore Leonard – review. In Leonard's case it is quite literally a party, as maverick documentary film-maker Dara Barr and her 6ft 6in black assistant, Xavier LeBo, join a motley crew of pirates, al-Qaida operatives, a posh Anglo-Arab and a thrill-seeking, elephant gun-toting Texan billionaire for champagne and cigars on the high seas.

Pirate Latitudes. Dara Barr, a documentary filmmaker from New Orleans, touches down in Djibouti in an Air France plane. Dara, too, is a departure from the Leonard norm. She has no criminal past, and the only big score she's hustling for is a cinematic one: she's come to the Horn of Africa to make a movie about Somali pirates.

I love Elmore Leonard. When people ask me my favourite author, more often than not, his name is the one I find leaping to the tip of my tongue. So it pains me to write this, almost as much as it pained me to read Djibouti. And it did pain me, immensely.
