When pricing design work, most business-savvy graphic and web designers don't charge by the hour like attorneys and auto mechanics do. So why bother calculating an hourly rate? Simple: It's the basis on which you estimate projects. Your hourly rate, multiplied by the number of hours you assume the job will take, yields the fee you'll charge a client for the work you complete.

Combining sentences encourages a writer to take two or more short, choppy sentences and combine them into one effective sentence. By learning this skill, students enhance their writing style. Sentence combining skill is something that will develop over several short practice sessions and should be considered as one component of an overall writing program.
