Decisive Data - Data Analytics & Visualization Consultancy

There are only so many hours in a day, and you want to make the most of them. Being more decisive will help you reclaim the time you spend going back and forth (and back again).. But for many people, it's more natural to waffle. That's because—especially at work—you want to be sure you've really thought through your approach and are making the very best choice.

Run Better Meetings with the Modern Meeting Standard

The Decisive Battle Doctrine (決戦, Kantai Kessen; "naval fleet decisive battle") was a naval strategy adopted by the Imperial Japanese Navy prior to the Second World War. The theory was derived from the writings of American naval historian Alfred Thayer Mahan. In the Decisive Battle Doctrine the Japanese navy would win a war by fighting and winning a single, decisive naval action.

Kantai Kessen - Wikipedia

After a training presentation on dealing with challenging patrons, a young woman who works in our youth services department asked me, "How should I respond when a man says to me, 'I'm glad I brought my library card today because I'm checking you out?'". Interesting question: I suppose it depends on the context. If she didn't mind the comment, then fine.
