Radical honesty is the practice of always being completely honest and refraining from telling even white lies. It was trademarked in 2017 as a technique and self-improvement program by Brad Blanton, but different authors have proposed similar ideas, such as Sam Harris, in his book Lying, and Immanuel Kant, who claimed in his 1798 essay "On a Supposed Right to Tell Lies from Benevolent Motives ...

The fantasy genre is rich with a myriad of sub-genres, and each has its own conventions and trends. With the different terms floating around out there it can be easy to confuse or overlook key sub-genres. Finding a succinct list of the most notable ones – particularly a list with definitions and examples – is not always straightforward.

Speciation by vicariance is widely regarded as the most common form of speciation; and is the primary model of allopatric speciation. Vicariance is a process by which the geographical range of an individual taxon, or a whole biota, is split into discontinuous populations (disjunct distributions)

by the formation of an extrinsic barrier to the exchange of genes: that is, a barrier arising ...

Make sure you list your new book in its correct book genre. There can be many reasons why a book fails to grab readers, and while this blog concentrates mostly on the technical aspects and marketing side of self-publishing rather than the actual writing process, the choice of book genre can have major implications on both writing and marketing.
