In the first two posts in our series about using Socratic Circles (or Socratic Seminars) with English language learners (ELLs), we provided an overview of the activity and offered some ideas for how to do a close read of Paul Revere's Ride by Henry Wadsworth Longfellow. Now that you've prepared your ELLs, it's time to implement the Socratic circle.

Making inferences is a skill with which students often need much practice. If you've looked for resources in the same places that I have, you probably haven't been too happy with what you found. I believe that the inference worksheets that I've created are of a higher quality than the other available resources and, as usual, I'm giving them away for free.
