Jeff Strand lived in Ohio for a number of years and yet it's apparent that he didn't research\* the Ohio Sasquatch before writing this book. Unlike the creature portrayed in Dweller, the line of Sasquatch native to Ohio does not have a mouth full of gnarly teeth and flesh-ripping talons. And the Ohio Sasquatch most certainly doesn't eat people!

review 1: This is the story of two hired goons transporting a werewolf across Florida. There was lots of fighting, mutilation, death and worse in this tale. None of which I gave a shit about. I didn't care much for the plot of the story but I just loved the goons.

After reading Dweller by Jeff Strand (author of Pressure) I have decided that I want a monster BFF/pet. I have a cat, but she doesn't hug me, or say my name, or even communicate with me through our own made-up sign language. She doesn't like to eat people though, so I suppose that's a good thing.

Jeff Strand's latest novel, Dweller, is an incredible tale of a fifty year-long relationship between a lonely man and a lethal forest creature. Instead of a long-winded sermon about a book you really just need to take my word about, I give you the ...

Dweller Jeff Strand Leisure/Dorchester Press Mass Market Paperback, \$7.99 Review by Nickolas Cook. Jeff Strand finally did it! He impressed me.
