"Once you date an Asian girl, you will never go back." Men often hear something similar to this from other men who have dated Asian women, meaning women directly from Asia, not American women of Asian descent. This is important because American women can be completely obnoxious and entitled. When an American-born Asian woman behaves in that manner, it is actually tenfold more annoying.

Why Asian Women Are Better To Date Than American Women

Test-driven development (TDD) is a software development process that relies on the repetition of a very short development cycle: requirements are turned into very specific test cases, then the software is improved to pass the new tests, only. This is opposed to software development that allows software to be added that is not proven to meet requirements.
