The Role of Logistics in the Organization Logistics is critical to the success of every organization. Once considered an important behind-the-scenes operational activity, logistics is now recognized as a strategic tool for creating customer value and loyalty.

Role of Logistics in the Organization Essay - 805 Words

1. Introduction. This paper investigates the type of tax planning included in tax directors' compensation contracts. Using detailed data on tax director incentive compensation, we examine whether the incentives provided to tax directors are associated with lower effective tax rates and/or a wider book-tax gap. We also examine whether tax director incentives are more strongly linked to measures ...
