Log cabins are not built like a shed, at least the good ones aren't. What I mean by this is; Sheds: When a shed is installed the floor is placed down first, the walls go on top of it and the build is continued.. Log Cabins: With the majority of log cabins, the cabin is first built and the floor goes in afterwards and sits within the cabin and is not an integral part of it.

Having lived through both World Wars, Jung was aware of the dangers of what he termed "psychic epidemics." He discussed the spontaneous manifestation of an archetype within collective life as indicative of a critical time during which there is a serious risk of a destructive psychic epidemic. Currently, we appear to be experiencing a significant psychic epidemic that is manifesting as ...
