I recently became aware that my 2001 Forester has a leaking head gasket and a bad wheel bearing. Although the vehicle is 12 years old, it has only 95,000 miles and has been meticulously cared for (I have all the service records dating back to the first oil change). I contacted Subaru and kindly asked that they include my car in their extended head gasket warranty because of the vehicle's low ...

RapidFire ® Shimano below-the-bar shift levers for upright handlebars. The original version of Rapidfire, introduced in the early '90's, had two thumb buttons, one above the other. One was for upshifting, the other for downshifting. Since the motion was the same for shifting in either direction, riders found it confusing, and it was quite unpopular.
