About Us | Sundance Institute

Patients, in all settings, deserve care that is centered on their unique needs and not what is most convenient for the health professionals involved in their care. A transformed health care system is required to achieve this goal. Transforming the health care system will in turn require a fundamental rethinking of the roles of many health professionals, including nurses.

3 Transforming Practice | The Future of Nursing: Leading ...

When you choose a laboratory to fulfill your environmental testing IAQ, forensic and materials testing needs, you need to be sure that they can give you accurate and reliable results. The technical competence of a laboratory depends on a number of factors including: The qualifications, training and experience of the staff The right equipment, properly [...]
