review 1: What surprises me is that the characters couldn't figure things out when suspicious things were right in front of their eyes with a board nailed on it saying "I'm a clue"! They literally take AGES to figure something out..It made them look stupid! This book was So predictable! While the first book was intriguing and good...this follow-up takes us on a ride of cliches.

I really love the Chronicles of Kerrigan series. Rae of Hope is the first book and it was great but Dark Nebula is more action, mystery, and intrigue. Author W.J. is extremely gifted and I love every story of her that she's written. May's stories have it all. I would not miss one of her stories, they are great and must add to your collection.
