Competency-based management (CBM) supports the integration of human resources planning with business planning by allowing organizations to assess the current human resource capacity based on their competencies against the capacity needed to achieve the vision, mission and business goals of the organization. Targeted human resource strategies, plans and programs to address gaps (e.g ...

Competency-based management - Wikipedia

Competency-based recruitment is a process of recruitment based on the ability of candidates to produce anecdotes about their professional experience which can be used as evidence that the candidate has a given competency. Candidates demonstrate competencies on the application form, and then in the interview, which in this case is known as a competency-based interview.
