NOTE: The following stories seem to describe two kinds of "electric human" phenomena. One involves conventional static electricity, and the other is something more mysterious. If you *DON'T* get constant shocks when touching either people or metal objects, yet electronic devices often fail in your presence, then your problem is not strictly electrical.

This is a list of file formats used by computers, organized by type. Filename extensions are usually noted in parentheses if they differ from the file format name or abbreviation. Many operating systems do not limit filenames to one extension shorter than 4 characters, as was common with some operating systems that supported the File Allocation Table (FAT) file system.
