I found your article, "How to Publish a Great User Manual," to be a bit naive and amusing in its simplification of a profession. As a broadly and variously experienced technical writer familiar with not only the profession, but also the history of and research in the area of technical writing, please understand that:

AskTog: How to Publish a Great User Manual

A major constraint with developing and maintaining rural roads is the fact that they are, unfortunately, rural. The areas where they are needed are often difficult to access, logistics become complicated, local contracting capability is limited, engineers are few and far between, and younger engineers especially, are not keen to leave the urban environment.

The problem with rural transport is that it is rural, the ...
