Headline inflation contains all items including items like food and oil, whose prices are highly volatile. Core inflation does not contain the above said volatile items. So it gives a more real data, a more clear picture about the economy for the economists, while headline inflation is of more concern to the common man, who gets much affected with especially the prices of food articles.

### **What is the difference between headline inflation and core ...**

Welcome! I hope you are interested in setting up or sustaining a proficient-reader classroom. I had you in mind when I built this site. If you are here because you enjoyed my professional-development sessions, thank you!
