review 1: I'm not great at writing reviews, but I really wanted to let everyone know how much I really like this book. It is definitely something I would let my 14 yr old daughter read without any worry, yet as an adult I certainly got a lot out of it also. I love to read and when I come across a book like Cornerstone it makes me love reading even more.

Cornerstone is certainly on par with traditionally published books. I know a lot of people who love Cornerstone and it is a book that teenage readers would also love. I think Provencher is a noteworthy writer and should be celebrated as an ambassador for independent authors. I look

forward to seeing where her writing career takes her.

Misty Provencher lost her literary agent in 2011. Rather than jumping back onto the publishing merry-go-round, Misty followed her gut desire to connect with her readers. She decided to release her debut novel, CORNERSTONE, week by week, in chapters, on her blog. The outpouring of support and positive response to the book was astounding.
