Hegelianism, the collection of philosophical movements that developed out of the thought of the 19th-century German philosopher Georg Wilhelm Friedrich Hegel. The term is here so construed as to exclude Hegel himself and to include, therefore, only the ensuing Hegelian movements. As such, its thought is focused upon history and logic, a history in which it sees, in various perspectives, that ...

For long-term success in school, business and life, learning HOW to think is far more important than learning WHAT to think.. Yet rather than serve as the core of any education worthy of a rational human being, we have relegated the teaching of logic, argument analysis and critical reasoning to specialty courses in universities that reach too few students, too late in their education.
