Codependency is a behavioral condition in a relationship where one person enables another person's addiction, poor mental health, immaturity, irresponsibility, or under-achievement. Among the core characteristics of codependency is an excessive reliance on other people for approval and a sense of identity. This condition is controversial among psychologists.

The Narcissist. When something goes wrong: even when you caused it, you immediately think of someone—or something—else you can blame. When someone is critical of you: you justify yourself by pointing out other people who behave the same or worse. You feel pressure to earn fame and/or recognition. You are often shocked at what life expects of you and consider yourself a victim.
