A philosophy of education statement, sometimes called a teaching statement, should be a staple in every teacher's portfolio. For elementary school teachers, the statement is an opportunity to define what teaching means to you, and allows you to describe how and why you teach as you do at the early stages of learning.

Curriculum Theory (CT) is an academic discipline devoted to examining and shaping educational curricula. There are many interpretations of CT, being as narrow as the dynamics of the learning process of one child in a classroom to the lifelong learning path an individual takes. CT can be approached from the educational, philosophical, psychological and sociological perspectives.
