Roots rock is rock music that looks back to rock's origins in folk, blues and country music. It is particularly associated with the creation of hybrid subgenres from the later 1960s including country rock and Southern rock, which have been seen as responses to the perceived excesses of dominant psychedelic and developing progressive rock. Because roots music is often used to mean folk and ...

Craft Quality Bark - Bark designated "craft quality" typically has a scarred white side and the tan side is used for baskets, wig wams, etc. It also works well in rustic furniture when you are using the tan side to contrast with the white. It comes from the part of the tree that is below the snow line so is rough and dark or the white has been scuffed in the harvest process but the tan side is OK.
