Personally, as a CFD engineer, CVP app let me use CFD as just a tool and complete the design work. Usually, one gets carried away by the mammoth amount of work (fluid volume extraction, cleanup, meshing, solver, convergence, post, report) involved in carrying out the CFD simulation and loose the focus on the design aspect of the valve.

Valve trim design using Control Valve Performer

There is no algorithm for chemistry, says Tinder India CEO Taru Kapoor Taru Kapoor met her husband through the blog she maintained as an engineering student in Delhi, almost a decade ago.

There is no algorithm for chemistry, says Tinder India CEO ...

Statistics is the theory and application of mathematics to the scientific method including hypothesis generation, experimental design, sampling, data collection, data summarization, estimation, prediction and inference from those results to the population from which the experimental sample was drawn. This article lists statisticians who have been instrumental in the development of theoretical ...
