Dr. Greene`s Answer: When ringworm is treated with an appropriate antifungal medication, such as Lotrimin, improvement is usually seen within 7 to 10 days. Treat it for at least one week following the clearing of the rash to make sure that all of the fungus is gone.. If the condition does not go away with 4 weeks of treatment, then it was probably not ringworm in the first place.

According to an article by Richard Corliss published in Time magazine, "In a way, Franken has been running for office since the late '70s." Corliss also hinted at Franken's "possibly ironic role as a relentless self-promoter" in proclaiming the 1980s "The Al Franken Decade" and saying, "Vote for me, Al Franken.

There are at least ten different Elizabeth Lakes in California. This one is in LA County near Palmdale and is perhaps the oldest one in the state. Legend states that the Devil himself created the lake and placed one of his own pets inside it. If you swim deep enough, eventually you will find a secret passage direct to the underworld which isn't entirely far fetched, as the lake lies directly ...
