Cracked Why Psychiatry Is Doing

On average, one doctor a day kills himself. Despite what you hear about lawyers, doctors actually have the highest suicide rate, according to the Journal of the American Medical Association. It's even worse among female doctors.

5 Horrifying Truths About Being a Medical Doctor | Cracked.com

It wasn't until 1980 that the main guide for mental illnesses, the Diagnostic and Statistical Manual of Mental Disorders, published the six-point criteria for diagnosing the condition (and none of them were about how crappy your mother was). Finally, kids who once would have been labeled mentally disabled despite high intelligence now had another possible diagnosis.

5 Ridiculous Lies You Probably Believe About Psychology ...

The consequences of not getting a dental crown depend a lot on why your dentist thinks you need a crown. If you are getting a crown to protect a badly decayed tooth, then not getting a crown will probably lead to more decay, meaning a bigger cavity than you already have.
