Data Analysis And Decision Making

By now, you'll know which information is most relevant, whether you're relying exclusively on analysis of the data or combining it with your intuitive know-how. If you're making your decision purely intuitively, you'll use what you perceive to be important and will rely on how the data is presented to pull out key points.

Data Analysis and Decision-Making - dummies

The Data, Analysis and Decision Making Certificate has been designed to provide County professionals with an opportunity to develop the skills and mindset needed to use, analyze, and consume data to make strategic business decisions.

Data, Analysis and Decision Making - sccgov.org

Now, being a data and analytics professional, I believe the best option is an elegantly designed dashboard that is used every day to make decisions. A fundamental part of making these business decisions is can the data be trusted? Again we can have a really elegant dashboard on untrustworthy data. It is meaningless and potentially dangerous.
