Decoding Love is my attempt to bring all these fascinating discoveries to a broader public, a thinking woman's (and man's) guide to dating. Part of why I found this book so enjoyable to work on is that I gradually realized that the study of attraction is no less than the study of what makes us human.

When it comes to guys... well, let's just say it can be pretty darn hard to figure out if he's into a woman or not! At times, men and boys can definitely be hard to read. Their body language is different than ours and it can be troublesome to decode what they are really feeling. After doing some research, it turns out that guys aren't really that hard to get when it comes to the signals they ...

Love isn't a picking and choosing proposition. As soon as you parse life into what you like and don't like according to your list of personal preferences, you've effectively set yourself apart from life. You may "love" this or that, but it's not Life that you love. Life serves up bitter greens at times (like the loss of children).

As someone who has read countless books on why we love, how we love, and the science and psychology of attraction, I have to say that "Decoding Love" is my favorite book on this topic by far. It is truly a fabulous read for the intellectually curious and for those who have a desire to wrap their minds around a concept so complex such as "love".
