Poe's stature as a major figure in world literature is primarily based on his ingenious and profound short stories, poems, and critical theories, which established a highly influential rationale for the short form in both poetry and fiction. Regarded in literary histories and handbooks as the architect of the modern short story, Poe was also the principal forerunner of the "art for art's ...

A board game is a tabletop game that involves counters or pieces moved or placed on a pre-marked surface or "board", according to a set of rules. Some games are based on pure strategy, but many contain an element of chance; and some are purely chance, with no element of skill.. Games usually have a goal that a player aims to achieve. Early board games represented a battle between two armies ...
