About NNT Solutions. Since 2001 NNT Solutions has been providing Computer, Networking, Other Information Technology Solutions, Services and Support for businesses and consumers across the United States and the world.

Computer Services - NNT Solutions: Computer, Network ...

Computer science is the study of processes that interact with data and that can be represented as data in the form of programs. It enables the use of algorithms to manipulate, store, and communicate digital information. A computer scientist studies the theory of computation and the practice of designing software systems.. Its fields can be divided into theoretical and practical disciplines.

Computer science - Wikipedia

In computer engineering, microarchitecture, also called computer organization and sometimes abbreviated as march or uarch, is the way a given instruction set architecture (ISA) is implemented in a particular processor. A given ISA may be implemented with different microarchitectures; implementations may vary due to different goals of a given design or due to shifts in technology.

Microarchitecture - Wikipedia
