Corporate governance is the collection of mechanisms, processes and relations by which corporations are controlled and operated. Governance structures and principles identify the distribution of rights and responsibilities among different participants in the corporation (such as the board of directors, managers, shareholders, creditors, auditors, regulators, and other stakeholders) and include ...

Corporate governance - Wikipedia

Committees Overview. Given the often complex nature of the questions the Parliament is required to consider, and the need for the Parliament to be aware of the opinions and needs of the wider community, the Parliament has created some temporary and standing committees of its own Members to investigate issues as they arise.
