I have a tablet that runs Windows 8 Pro. Microsoft came up with a new power mode that they call Connected Standby, in which evidently all non-Metro apps are suspended when the tablet is put in a lower power mode (that is most of the time for a portable device.)The issue with this is that none of my desktop apps can wake it on schedule (including Microsoft's own Task Scheduler.)

Traditional mathematics (sometimes classical math education) was the predominant method of mathematics education in the United States in the early-to-mid 20th century. This contrasts with non-traditional approaches to math education. Traditional mathematics education has been challenged by several reform movements over the last several decades, notably new math, a now largely abandoned and ...

I'm using windows 10 and non of the above suggestions worked. However, I did manage to get all windows on the active display again by pressing  $\boxplus$  Win+d twice, which is the shortcut to show the desktop (and minimize all on screen windows). So, pressing once shows the desktop, then pressing again will open all windows again.
