See Also . MSP MCUs featuring CapTivate™ technology are the newest generation of capacitive touch solutions from TI. These MCUs are the lowest power capacitive touch microcontrollers in the world and the first to feature an IEC61000-4-6 certified solution.

Low Power Capacitive Touch Solution Human Machine ...

Description . The RD-195 reference design is a DC arc detection solution that reliably detects arcs and alerts the system, reducing the chances of fires being caused by arcing. The solution is fully programmable, providing maximum flexibility for system integration and false detection optimization. It is accompanied by an easy-to-use GUI, enabling rapid alteration of detection parameters for ...

RF Design represents a balanced portfolio of the world's premier Wireless Data Communications, RF /Microwave component and Sub-systems manufacturing companies with branches in all the major commercial centres of Gauteng, Cape Town and Durban.

RF Design - Delivering your Wireless Solution

Design Thinking is a design methodology that provides a solution-based approach to solving problems. It's extremely useful in tackling complex problems that are ill-defined or unknown, by understanding the human needs involved, by re-framing the problem in human-centric ways, by creating many ideas in brainstorming sessions, and by adopting a hands-on approach in prototyping and testing.
