theory and the role of the behavioral sciences. Lmg outlines the legacy of the Modern Movement in architecture and explains limitations in its concept of theory and human behavior, The differences between posid \C and normative theory and between substantive and procedural theory are identified.

It. . . - Jon Lang's Creating Architectural Theory

Architectural theory is the act of thinking, discussing, and writing about architecture. Architectural theory is taught in most architecture schools and is practiced by the world's leading architects. Some forms that architecture theory takes are the lecture or dialogue, the treatise or book, and the paper project or competition entry.

Architectural theory - Wikipedia

Philosophy and the Tradition of Architectural Theory. While philosophy of architecture is relatively new as a growing sub-discipline, we can look to a two-millennia old tradition of theoretical treatises in architecture (in the West; other traditions are older still) as raising key conceptual issues.
