Awesome, I got it to work! Only change I made was setting the hover div to inline since block made it shift the links next to it after you were done hovering and then in the html part I gave the div a class that I set an absolute position for so the image in the div would show up where I wanted it to on the page.

Display Image On Text Link Hover CSS Only - Stack Overflow

I have Outlook set up so that, theoretically, my messages should be marked as read as soon as I actually see them in the reading pane. To do that, I just set the rule so that messages are automatically marked as read after 0 seconds.

Outlook automatically marks message as read before it is ...

I am getting this pop-up in Excel 2003, "This workbook contains links to other data sources", with the options to "Update" or "Don't Update". The workbook is using VLOOKUP to get information from a...
