The Israeli-Palestinian conflict has its roots in the late 19th and early 20th centuries, with the birth of major nationalist movements among the Jews and among the Arabs, both geared towards attaining sovereignty for their people in the Middle East. The collision between those two forces in southern Levant and the emergence of Palestinian nationalism in the 1920s eventually escalated into ...

Violent video games desensitize players to real-life violence. Desensitization to violence was defined in a Journal of Experimental Social Psychology peer-reviewed study as "a reduction in emotion-related physiological reactivity to real violence." The study found that just 20 minutes of playing a violent video game "can cause people to become less physiologically aroused by real violence ...
