Control Solution For Glucometer

What is control solution? The control solution is a liquid that contains a known amount of glucose. This glucose reacts with the test strips you use in your glucose meter to give a result. To use it, you simply insert a test strip into the meter and apply the control solution in the same way you would apply a drop of blood. The resulting number ...

Control Solution for Glucose Meters - DiabetesMonitor.com

Some meter companies also suggest other reasons to use control solution: before testing with a new meter for the first time and when blood glucose results don't reflect how you feel. Unfortunately, the cost and hassle of ordering the perishable liquid, as well as having to use a precious test strip, may cause people to ignore control solution.

How to Use Control Solution: Diabetes Forecast®

You probably never use the control solution for your blood glucose meter. You can blame your doctor or yourself for this oversight, but the chances are that you never have heard this term before. Our doctors and other medical professionals rarely discuss using a control solution. It usually doesn't come with our blood glucose meters. And your local drug store probably doesn't carry the one ...

Amazon.com: glucose meter control solution

Blood glucose meter systems (BGMs) are used by millions of patients with diabetes worldwide each and every day under the assumption that the meters (in combination with the test strips) provide reliable glucose measurements. However, the only option that patients have in their daily life to check ...

Control Solutions for Blood Glucose Meters

I came across a bottle of glucose control solution. It was expired, of course. When we were still in the hospital just after my son's diagnosis, our diabetes educator had taught us how to use the solution to ensure the accuracy of a new batch of strips. We used it once or twice, and honestly, that's the last time we used the stuff.

Do You Use Control Solution to Test Your Glucometer?

Frequently Asked Questions regarding Control Solution Testing . What is the purpose of control solution testing? Performing a glucose control test is an excellent way to check that your system (meter and strips) are working optimally to deliver accurate and precise results.
