AFCI protection is required by the 2017 National Electrical Code® (NEC) for 15 and 20 amp circuits that serve outlets and devices in all areas of new residential construction, excluding bathrooms, garages, and outside areas. In addition to new construction, when receptacles are replaced in areas where AFCI protection is now required, the replacement receptacle must have AFCI protection.

NFPA - Electrical circuit-interrupters

Electricity. Mains Electricity - Household Uses.. What is an Electrical Appliance?. An appliance contains a useful arrangement of electrical components. There are a large number of household appliances that use mains electricity.
