Design Is How It Works

Design is how it works. -Steve Jobs There's a new race in business to embrace design thinking. Yet most executives have no clue what to make of the recent buzz about design.

Design Is How It Works: How the Smartest Companies Turn ...

Design, Feels, How, Just, Like, Looks, Works Quotes to Explore Happiness is not something you postpone for the future; it is something you design for the present.

Steve Jobs - Design is not just what it looks like and...

Design is how it works. ...says Steve Jobs in an excellent article on the birth of the iPod. Now, for some this is just one more way of saying that form should follow function. But as an information designer I cannot stretch that point enough: Interactive design is not a graphic discipline but product design.

Design is How it Works - iA

Design is not just what it looks like and feels like. Design is how it works. People think it's this veneer - that the designers are handed this box and told, 'Make it look good!' That's not what we think design is. It's not just what it looks like and feels like. Design is how it works." - Steve Jobs This quote is from the 2003 New York Times article "The Guts of a New Machine."

Design is not just what it looks like and feels like ...

Book Review. Jay Green takes on this phenomenon, defining how important it is for brands to establish a culture where design reigns supreme. Design has to be a part of the DNA of the company for this to work, and there is no other way.

Design is How it Works - Meno Design

Design is not just what it looks like and feels like. Design is how it works. - Steve Jobs. The industry is not driven by technologies, but creativity and innovation. We are looking for creating a product that will suit people's present or future needs, then we look for a solution to make it. That's why a designer is now focusing into sociology, studying human behaviour to create things that deeply make sense to people.

How it Works | 99designs

How it Works. On Monday, you make a map of the problem. On Tuesday, each individual sketches solutions. On Wednesday, you decide which sketches are strongest. On Thursday, you build a realistic prototype. And on Friday, you test that prototype with five target customers. Before the sprint begins, you've got to do some prep work.
