Sharing economy is a term for a new way of distributing goods and services---a way that differs from the traditional model of corporations hiring employees and selling products to consumers. In the sharing economy, individuals are said to rent or "share" things like their cars, homes and personal time to other individuals in a peer-to-peer fashion.

The Camp David II summit and the "Aqsa intifada" that followed have confirmed what everyone had long known: Jerusalem is the knottiest issue facing Arab and Israeli negotiators.. In part, the problem is practical: the Palestinians insist that the capital of Israel serve as the capital of their future state too, something Israelis are loathe to accept.

Introduction. At the dawn of the Internet, scholars began predicting a shift in power from the marketer to the consumer, suggesting a new form of consumer-firm relationship (Bakos, 1991, Deighton and Kornfeld, 2009, Kozinets, 1999, Levine et al., 2000, Shipman, 2001). With the introduction of the World Wide Web, ordinary consumers gained access to vast amounts of information and developed ...

Because they wrongly assume the economy is a fixed pie, some of my friends on the left think it's bad for there to be rich people. They actually think that must mean the rest of us have less income. But that's not true. At least it's not accurate if we start with the assumption that wealth is earned honestly and not accumulated thanks to subsidies, bailouts, protectionism, and other ...
