Aviation Finance Special Report: Ireland: International Aviation Finance Hub. Our Special Report examines one of the most interesting jurisdictions in the world as a centre of aircraft financing - the Republic of Ireland. Its significance lies in its scale in the global financing of aviation, second only to the United States in aircraft leasing and trading activity.

In finance, an option is a contract which gives the buyer (the owner or holder of the option) the right, but not the obligation, to buy or sell an underlying asset or instrument at a specified strike price prior to or on a specified date, depending on the form of the option. The strike price may be set by reference to the spot price (market price) of the underlying security or commodity on the ...

A multinational corporation (MNC) or worldwide enterprise is a corporate organization which owns

or controls production of goods or services in at least one country other than its home country. Black's Law Dictionary suggests that a company or group should be considered a multinational corporation if it derives 25% or more of its revenue from out-of-home-country operations.

Abstract. Companies have believed for years that their only responsibility was a financial one---maximizing value for shareholders. Corporate social responsibility (CSR) is a new idea, one in which the corporate sector incorporates social and environmental concerns in its strategies and plays a more responsible role in the world.

Legal market overview. The increasingly fractious international trade environment has dominated the national agenda. As inconceivable as it would have seemed two years ago, in the summer of 2018 Canada found itself gearing up for a trade war with its most important trading partner, after US President Donald Trump imposed 25% steel tariffs and 10% aluminium tariffs on Canada, Mexico and the EU.
