Discourse analysis (DA), or discourse studies, is the approaches to analyze written, vocal, or sign language use, or any significant semiotic event.. The objects of discourse analysis (discourse, writing, conversation, communicative event) are variously defined in terms of coherent sequences of sentences, propositions, speech, or turns-at-talk. Contrary to much of traditional linguistics ...

vagueness. The characteristic of words or phrases whose meaning is not determined with precision. Use of one or more vague terms typically renders it impossible to establish the truth or falsity of the sentences in which they appear. Example: "The temperature is warm today." is difficult to evaluate because there is no clear borderline between "warm" and "not warm".
