The gambler's fallacy, also known as the Monte Carlo fallacy or the fallacy of the maturity of chances, is the mistaken belief that, if something happens more frequently than normal during a given period, it will happen less frequently in the future (or vice versa). In situations where the outcome being observed is truly random and consists of independent trials of a random process, this belief ...

1966/67: After the Stags who played in the NBA from 1946-1950 and the Packers/Zephyrs who played 1961-1963 failed in Chicago the NBA was hopeful that the third time would be the charm when the Bulls took the court in 1966. The Bulls got off to a solid start when they beat the St. Louis Hawks 104-97 on the road. The Bulls would continue to play solid basketball as they won their first two home ...

History. The concept of American football games being played on Thanksgiving Day dates back to 1876, shortly after the game had been invented, as it was a day that most people had off from work. In that year, the college football teams at Yale and Princeton began an annual tradition of playing each other on Thanksgiving Day. The University of Michigan also made it a tradition to play annual ...
