Embassytown by China Miéville – review. Only the trash forms of science fiction are undemanding and predictable; the good stuff, like all good fiction, is not for lazy minds. Where the complexity of realistic novels is moral and psychological, in science fiction it's moral and intellectual; individual character is seldom the key.

China Miéville: Embassytown. The novel’s central idea is about the calamities that arise from two vastly different cultures trying to bridge the central gap of how to communicate with each other, and the book spends just as much time detailing the little visual cues humans use to convey what we really mean—raising an eyebrow,...
