Empress of Eternity by L.E. Modesitt, Jr. is one of those books that slowly pulls you in and keeps you hooked right to the end. Three sets of scientists from different times all deal with trying to unlock the secrets of the same indestructible structure that might not only save them but in the end might save all life in the universe.

Empress of Eternity by L.E. Modesitt Jr. - Goodreads

In the usual Modesitt way the characters are pretty clueless as to their significance or why people would be trying to kill them. I did enjoy his thoughts about time and the multi-verse. Clearly he's been watching the science channel as scientists try and decipher these concepts as well. ...
